Flight Instruments						
()	Product	Price of Servo(s)	Price of Programmer	Total Price	Desired Servo Ship Date	Desired Programmer Ship Date
()	2-1/4" Pictorial Turn & Bank	N/A	\$495	\$495		
()	3-1/8" Pictorial Turn & Bank	N/A	\$545	\$545		
()	Connector for Turn & Bank	N/A	\$9.75	\$9.75		
()	2-1/4" ADI	N/A	\$1295	\$1295		
()	2-1/4" ADI w/ Internal GPS	N/A	\$1445	\$1445		
()	3-1/8" ADI	N/A	\$1095	\$1095		
()	3-1/8" ADI w/ Internal GPS	N/A	\$1245	\$1245		
()	Back-up Battery for ADI	N/A	\$100	\$100		

Single Servo Autopilots						
()	Product	Price of Servo(s)	Price of Programmer	Total Price	Desired Servo Ship Date	Desired Programmer Ship Date
()	Altrak	\$1000	\$695	\$1695		
()	Altrak VS	\$1250	\$745	\$1995		
()	2-1/4" Digitrak	\$1000	\$695	\$1695		
()	3-1/8" Digitrak	\$1000	\$745	\$1745		
()	2-1/4" Pictorial Pilot	\$1000	\$1095	\$2095		
()	3-1/8" Pictorial Pilot	\$1000	\$1145	\$2145		
()	3-1/8" ADI Pilot I	\$1000	\$1795	\$2795		
()	CT Pilot I *	\$1100	\$1250	\$2350		

* CT Pilot includes torque enhancer for Flight Design CT, if used with other aircraft, subtract \$100 from servo price.

Multi Servo Autopilots						
()	3-1/8" ADI Pilot II	\$2000	\$1995	\$3995		
()	CT Pilot II ††	\$2100	\$1850	\$3950		
()	CT Pilot II G ††	\$2100	\$2225	\$4325		
()	CT Pilot II VS ††	\$2350	\$2100	\$4450		
()	CT Pilot II VSG ††	\$2350	\$2475	\$4825		
()	CT Pilot II VSGV ††	\$2350	\$2975	\$5325		
()	2-1/4" Digiflight II**	\$2000	\$1850	\$3850		
()	Digiflight II Flat Pack	\$2000	\$1850	\$3850		
()	2-1/4" Digiflight IIG**	\$2000	\$2225	\$4225		
()	Digiflight IIG Flat Pack	\$2000	\$2225	\$4225		
()	2-1/4" Digiflight IIVS**	\$2250	\$2100	\$4350		
()	Digiflight IIVS Flat Pack	\$2250	\$2100	\$4350		
()	2-1/4" Digiflight IIVSG**	\$2250	\$2475	\$4725		
()	Digiflight IIVSG Flat Pack	\$2250	\$2475	\$4725		
()	2-1/4" Digiflight IIVSGV**	\$2250	\$2975	\$5225		
()	Digiflight IIVSGV Flat Pack	\$2250	\$2975	\$5225		

()	RV-10AP *	\$2350	\$4900	\$7250		
()	AP 100 AS		\$4650	\$6900		
()	Sorcerer ATI	\$2250	\$7250	\$9500		
()	Sorcerer AS		\$7250	\$9500		

Autopilot Add-ons						
()	Yaw Damper	\$1000	\$1500	\$2500		
()	Trim Sensing Yaw Damper †	\$1250	\$1500	\$2750		
()	Failsafe Automatic Pitch Trim	N/A	\$975	\$975		
()	Automatic Rudder Trim	N/A	\$625	\$625		

* RV-10AP includes mounting brackets, torque enhancer, wiring harness, and associated AN hardware, if used with other aircraft than RV-10, subtract \$100 from servo price and \$250 from programmer price.

** Round bezel Digiflight II autopilots are available in a 3-1/8" format for an additional \$50, please specify if ordering.

† Trim sensing yaw damper only required if Automatic Rudder Trim is being added.

†† CT Pilot II prices include torque enhancer for Flight Design CT, if used for other aircraft subtract \$100 from servo price.

EFIS Units						
()	EFIS	N/A	N/A	\$3800		
()	EFIS AP I	\$1000	\$4300	\$5300		
()	EFIS AP II	\$2000	\$4700	\$6700		
()	EFIS AP III	\$2250	\$4950	\$7200		
()	EFIS AP IV	\$2250	\$6650	\$8900		

* EFIS units can be ordered with any of the three bezel mounts: Diagonal Corner (DC), Front Mount (FM), or Avionics Stack (AS). Please specify in one of the right hand columns which bezel is being ordered.

**EFIS units are available with an optional High Brightness display for an additional \$500. Please specify if ordering the optional display with an HB in one of the right hand columns.

Orders will be shipped within 2-3 weeks of order. For aircraft other than those for which TruTrak has installation kits, standard hardware kits will be supplied with the order. The system price in effect at the time of purchase, less deposit, will be billed to a credit card unless other arrangements are made in advance. TruTrak servos and autopilot programmers carry a Limited Lifetime Warranty.
